(12-digit Login) : (12-digit Password)

(Domain)

(Download Directory)

One download is assigned a randomized login/password – in addition to the user's personally-selected login/password.

Benefits: 79% average usage

- a) provide an alternative to user-selected passwords
- b) authenticate Co-Investigators who do not have a user account
- c) prevent exposure of PI personal login/password to authenticate Co-I
- d) protect against packet-sniffing for non-SSL-encryption
- e) protect against command-line monitoring
